

# SAYNPS Webinar

## 22 July 2020

*“The Role of the Youth in the Nuclear Energy Programme”.*

### Nuclear Energy is among energy technologies

**Nuclear technology** has lowest GHG emissions therefore it has a big role in energy transition

Department released a Request For Information (RFI) in respect of the **Nuclear New Build Power Procurement Programme for 2500MW**

RFI aims to address some of the issues such as; **realistic costing, funding and ownership model**

IRP 2019 envisages a **balanced energy mix with nuclear** as an integral part of our baseload

mineral resources  
& energy
